

Beginnings: Your Babys Story

A revised edition of a long-time Meld bestseller! With new activities and new illustrations, young mothers and fathers can capture the memories and milestones of their baby's first years. This richly illustrated workbook maintains the hands-on journal approach, asking young parents to record and remember their early parenting experiences. Dad's role, from pregnancy to early years, is integrated in this culturally inclusive baby book. It makes a great tool for non-custodial fathers and parents with shared parenting arrangements. Beginnings encourages young parents to personalize and retain information found in Meld's popular, *The New Middle of the Night Book*. Designed for use in home visits, parenting groups and for individuals-it makes a wonderful gift! Experience a new way of recording baby's beginnings.
