

## American Poverty and Our Ethical Standard

In the wealthiest nation on earth, we have a staggering poverty rate. Currently, we stand at 17% people living in poverty. And worse, 1 in 4 children live in poverty. What are we doing wrong, and what do we need to change? In this short essay it opens the dialogue to start talking about the issue that many people have treated like a type of taboo topic. It is time we change something, and stop this number from continuing to rise.
