

Fat busting in the 21st Century! Losing weight with lasers is a little known but thoroughly tried and tested way to lose weight fast. Clinical trial results prove that combining laser lipo with a specific combination of foods can accelerate weight loss by an incredible 68%. It's the effortless, fast and permanent way to lose total body weight and target inch loss where you want it on those fatty trouble spots. Author and former clinic owner, Ruth Searle, explains how to lose weight fast with lasers and keep it off for life. GRAZIA - 13th May 2009 "Lazy girl's lipo" sit on a laser for half an hour and melt away your fat? Sounds a bit far-fetched, right? Well the tape measure doesn't lie and we can confirm that you'll lose inches with Laser Lipo." PRIMA magazine - 12th March 2009 I definitely noticed it was flatter after just two sessions. Overall I lost 10cm's. RED magazine - 9th September 2009 I'm a converted cynic. This is amazing and I haven't put the inches back, despite doing no exercise. ELLE magazine - 5th August 2009 An hour later, I'm done. I'm delighted to discover both my arms are half an inch slimmer and after a second session; they shrink by a further half an inch each. Two weeks on and I still look like a tricep dip queen. I'm thrilled - Laser Lipo works. Celebs magazine - 5th August 2009 I'd lost half a CM off the flabbiest bit and my skin felt lots tighter. A few days later, my skin still felt super-taught and smooth and my upper arm was now 1cm smaller, I'll be booking more sessions ASAP. Well worth it! I recommend losing weight with lasers. I had 8 treatments and had a loss of 6.3 inches. Feeling your clothes getting looser is great! L. Casey This is my seventh treatment for me. I felt the difference from the first treatment. Its made a big difference and I feel it in my clothes, especially trousers - the size has changed a lot. Its safe and no pain or surgery - I really like it and advise anyone who wants to get rid of fat to use Laser Lipo. The most important thing is that it is cheap. Thank you Dr Searle, you were very kind with me. Zahara Alsherrif (from Saudi Arabia). Zahara lost 13.2 inches over a course of 8 treatments - our record so far... Im very delighted with the results - I lost 2.8 just on my first session! Im now able to fit back into the jeans I havent worn in a year! Jane C, Cardiff
